Direct Comparison: Published Figure 16 (Pandey & Kumar 2025) vs Authentic Adapted-Mesh Reproduction

(a) Published Figure 16 (CMES 144(3), p. 3273)
Left: Standard vs Proposed Wireframes | Right: Phase-Field Damage Contours

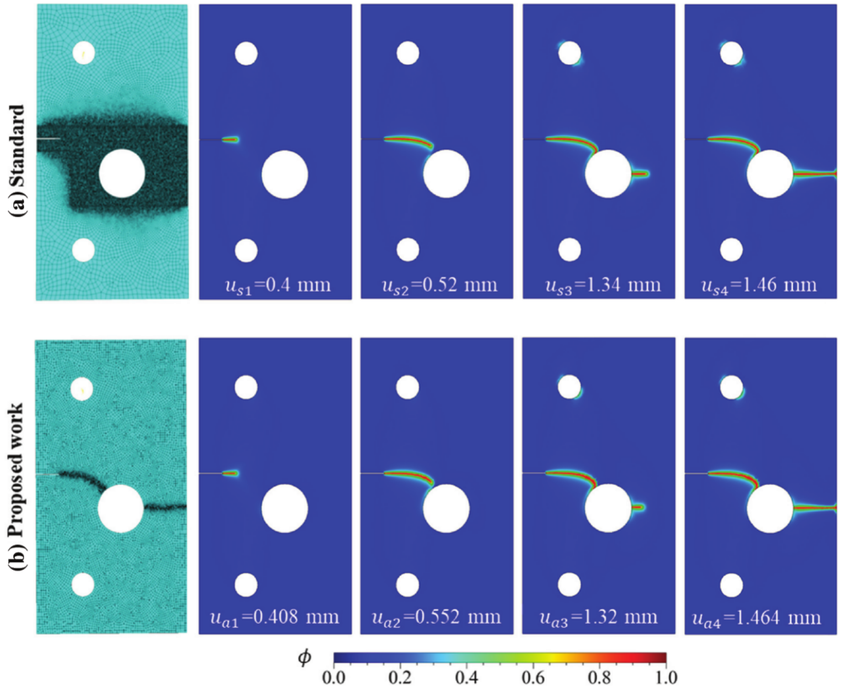

Figure 16: Discretized specimen and phase-field contours for (**a**) Standard and (**b**) Proposed PFM implementation for rectangular notched plate with hole at $\boldsymbol{l_0}$ = 0.285 mm

(b) Authentic Reproduction (Task F1709 Job-2 Staggered Simulation)
Top: Adapted Mesh & Insets | Bottom: Authentic Damage States s_1--s_4 on Adapted Mesh
